Important Notes:

1. 10% Discounts on First order. Create Code WELCOME10.
(Please note there should be some base like mobile number or OTP on mobile after which this discount should be given. Basically there should be checks & controls in place to ensure same person is not given this discount if he orders the second time. It's Okay if they order from another mobile number & take again 10% discount as it will increase our orders only.)

2. Additional 10% discount on bundling & combos. Create Coupon Code COMBO10.
(Please note this is not applicable on 70g "The 5 Elements Collection" set. Other than this, the COMBO10 code will be applicable on all other bundles & combos scenarios. Place this coupon code at a suitable place while ordering to make customer feel happy)
3. Free Home delivery on orders on or above INR 499/-
4. Flat INR 49 shipping charges for order value below INR 499/-
5. COD handling fee of flat INR 49 will be charged on all COD Orders.
6. Prepaid-only Discounts - Extra 5% off on UPI payments. Create Coupon Code PREPAID5.
(This should reflect at the time selection of payment mode so as to encourage customers to opt for prepaid instead of COD. The customer should be able to plug & play that if he selects COD then additional COD charge of Rs. 49 will be charged and if he selects prepaid order then additional 5% discount will be given.)
